EDUCATION

Nalanda College of Computer Science Beed Maharashtra India
June 2021 - June 2024
Bachelor Of Computer Science (BSC-CS)
Dr. Babasaheb Ambedkar Marathwada University Aurangabad Maharashtra

Shri Ram jr. College of Science and Arts
May 2018 - May 2021
Science | Intermediate
Percentage 83.50%

New English School Pimpri(gh.)
May 2016 – May 2018
Matriculate
Percentage 77.63%

WORK EXPERIENCE

Java Intern (Aug. 2022 – Feb. 2023)
 Naresh i Technologies Hyderabad.

- Prepared training materials.
- Re-explained unclear material to trainees
- Review code and direct trainees toward possible solutions.
- Used various design patterns to direct trainees toward best solutions.
- Helped trainees to finish their assignments using several frameworks such as: Java, Adv.Java, Spring Framework.

Project title: Hospital Management System
- Developed a dynamic web application for a Hospital Management System using technologies such as jdbc, servlet,Oracle, Tomcat Server, HTML, CSS, and Bootstrap.
- Created various pages including home, services, about, login,register, and contact, with data storage in a database.
- Implemented registration functionality, allowing users to registerbefore filling the appointment form.
- Implemented login functionality for registered users, enablingdirect access to appointment booking.
- Implemented a forget password feature, allowing users to updatetheir passwords through password recovery process.

- Integrated email confirmation functionality to send users a confirmation email after filling the appointment form.

- Utilized UI technologies such as HTML, CSS, Bootstrap, and JavaScript for the design and front-end development.

- Implemented back-end functionalities using Java technologies, including JDBC and servlets.

- Played a crucial role in developing a Hospital Management System as a smart web application.

- Enabled users to access information about the hospital's services and book appointments conveniently.

- Aimed to alleviate the inconvenience of standing in long queues at hospitals by providing a time-saving solution for appointment booking in a high-population country like India.

KEY SKILLS

- **Programming Languages:** Proficient in Java, with a solid understanding of object-oriented programming principles. Proficient in Java 8 and above, with a deep understanding of the Java standard libraries.

- **Problem Solving:** Demonstrated ability to analyze complex problems and devise innovative solutions using Java programming techniques.

- **Database Management:** Familiarity with SQL and experience in designing and querying relational databases.

- **Team Collaboration:** Effective team player with excellent communication skills, able to collaborate with cross- functional teams to deliver high-quality software solutions.

- **Frameworks:** Strong knowledge of Spring Framework.

DEVELOPMENT SKILLS

PROGRAMMING LANGUAGES: C, Java

Software and Technologies: JDBC, Servlet, JSP

Java framework: Spring core , Spring Boot, Spring DataJPA, Spring MVC, Spring RestAPI, Spring Security

Web technologies: HTML/CSS/JavaScript/ReactJS

DATABASE: Oracle Database

Integrated Development Environments (IDEs): Eclipse, STS,VS Code

LANGUAGE PROFICIENCY

- **English:** Fluent (written and spoken)

- **Hindi:** Native proficiency (written and spoken)

- **Marathi:** Native proficiency (written and spoken)

PERSONAL DETAILS

Date of Birth: 07 Oct 2002
Nationality: Indian
Address: At. Pimpalwandi Tal. Patoda Dist.Beed Maharashtra 413229
